Task 01

Read the following passage and fill the grid.

One of the things that makes me happy is travelling

One of my favorite vacation places is Mexico. It has a nice weather because it never gets cold. The people are very nice too. They never laugh at my bad Spanish. Mexico City has fabulous food stalls. The restaurants have good seafood. These restaurants have a variety of cuisine. I am eating a Taco right now while enjoying the beauty of the city. Taco is a traditional Mexican dish consisting of a small hand-sized corn with a filling. It has lettuce, chicken, cheese, pepper and tomato slices.

The town has some great museums and lots of fascinating old buildings. The hotels are too expensive but they don't have enough facilities that most of the luxurious hotels in other countries have. to stay but there are more affordable options. For example, you can stay at one of the beach resorts like Acapulco. If you are planning to visit Mexico, you should definitely see the Mayan temples near Merida.
